**PerfectData
ReaderKleen™
Credit/Debit Card Reader Cleaners**
Easy to use, fast & convenient

Cleaning Paper (4 in 1 uses)

ReaderKleen™ is similar in size and appearance to credit cards and ATM cards. The cleaning card has a non-abrasive cleaning surface and is individually packaged/premoistened with an effective cleaning solution which is safe for use on electronic equipment. The cleaning action takes place automatically as the card reader attempts to “read” the ReaderKleen™ card. Each cleaning card is used once and then discarded.

ReaderKleen™ is designed for cleaning magnetic heads on:

- ATM Machines
- Point-Of-Sale Credit Card Readers
- Access Control/ID Card Readers
- Time Badge Readers

Part No. 104419-1

MSRP: \$12.95 12 cards

Part No. 104920-1

MSRP: 50 cards
